10 **PROPOSE** THE DRAFT M.O.U. being proposed by the FDA. In particular, **I OBJECT** to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I am alarmed at the idea of not being able to order my compounded prescription which greatly relieves my symptoms and makes it possible for me to enjoy quality life and health. I do not know where I could get my prescription if I could not get it from the specialized pharmacy that I order from. Please do Not restrict individually compounded medications!!!
